

Plant Pathology Department Seminar Schedule
Fall Semester 2009
210 Bessey Hall
Tuesdays 4:10 pm

- September 1 **Tobias Link**, Thomas Baum and Steve Whitham's lab, "**The secretome of *Uromyces fabae***"
- September 8 **Emmanuel Byamukama**, Forrest Nutter's lab, "**Pre-plant prediction of bean pod mottle virus**"
- September 15 **Mary Gardiner**, Ohio State University (OARDC), "**Studying native and exotic coccinellid Populations in the context of an invasive food web in north-central agricultural landscapes**" (joint with Entomology Dept.)
- September 22 **Vijayapalani Paramisivan**, Allen Miller's Lab, "**Bamboo mosaic virus satellite RNA Trafficking: insights into the potential interactions**"
- September 29 ***Stephen Wegulo**, University of Nebraska-Lincoln, "**Management of wheat diseases in Nebraska**"
- October 6 **Anania Fessehaie**, Seed Science Center, "**Use of Polymerase Chain Reaction Method for the Detection of Plant Pathogens - The Challenges and Pitfalls: In the case of *Pantoea stewartii* subsp. *stewartii***"
- October 13 ***Paul Esker**, Univ. of Wisconsin-Madison, "**Conducting On-Farm Foliar Fungicide Trials in Wisconsin - Statistical Considerations**".
- October 20 ***Pierce Paul**, Ohio State University (OARDC), "**Evaluating trends and relationships in the wheat -*Fusarium graminearum*-deoxynevalenol system**"
- October 27 **Hye Young Yun**, Tom Harrington's Lab, "**Phylogenetic relationships among Asian species of the cedar rust, *Gymnosporangium*, with comments about rust fungi.**"
- November 3 ***Martin Wubben**, USDA/ARS, Poplarville, MS, "**EST analysis of reniform nematode parasitic females identifies candidate parasitism genes and RNAi targets**"
- November 10 **Nick Lauter**, Associate Professor, "**Intersections of pathology and quantitative genetics in cereal crops**"
- November 17 **Yan Meng**, Roger Wise's lab, "**Functional analysis of WRKY transformation factors in barley-powdery mildew interactions.**"
- December 1 **Deb Satterfield**, TBA
- December 8 **Thomas Mitchell**, Ohio State University, TBA

* **Former graduate of ISU Department of Plant Pathology**
